Bug Tracking:

Bug ID	Bug Description	Steps to Reproduce	Severity	Status	Additional Feedback
BG-001	Dashboard charts were not aligned properly	Login → Open Dashboard	Low	Closed	CSS updated and issue resolved
BG-002	Duplicate customer validation missing	Add existing customer twice	Medium	Closed	Validation added successfully
BG-003	Search delay with large customer list	Search customer after adding many records	Low	Closed	Search optimized
BG-004	Empty form accepted initially	Open Add Customer → Submit without data	Medium	Closed	Required field validation implemented

Sign-off:

Tester Name: KONAKALA PRASANTHI

Date: 10 July 2026

Signature: K.Prasanthi

Notes:

- All major functionalities were tested successfully.
- Both positive and negative test cases were executed.
- Input validation and error handling were verified.
- Minor UI issues identified during testing were resolved.
- The application is stable and ready for deployment.
