

Project Design Phase-II

Data Flow Diagram & User Stories

Date	12 July 2025
Team ID	
Project Name	Customer Registry
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

CUSTOMER CARE REGISTRY

DATA FLOW DIAGRAM (LEVEL-1)

User Stories

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance Criteria	Priority	Release
Administrator	Registration	USN-1	As an administrator, I can register an account using my name, email, and password.	Account is created successfully.	High	Sprint-1
